

SECTION 172(1) STATEMENT AND STAKEHOLDER ENGAGEMENT FOR YEAR ENDED

31 MARCH 2021

The Board of Stonebridge Mortgage Solutions Limited ("the Company") consider that they have adhered to the requirements of section 172 of the Companies Act 2006 ("the Act") and have, in good faith, acted in a way that they considered would be most likely to promote the success of the company for the benefit of its shareholders as a whole and, in doing so, have had regard to and recognised the importance of considering all stakeholders and other matters (as set out in s.172(1)(a-f) of the Act) in its decision-making.

The new reporting legislation around stakeholder engagement is welcomed by the Board and the commentary and table below sets out our s.172(1) statement. This statement provides details of key stakeholder engagement undertaken by the Board during the year and how it helps the Board to factor potential impacts on stakeholders in the decision-making process.

General

The Company promotes the highest standards of corporate governance. Corporate governance underpins how we conduct ourselves as a board, our culture, values, behaviours and how we do business. As a board we are conscious of the impact that our business and decision have on our direct stakeholders as well as our wider societal impact.

As part of the director induction process, the directors are briefed on their duties, including their duty under s.172 of the Act. The directors are entitled to request from the Company all such information they may reasonably require in order to be able to perform their duties as a director.

For each transaction approved by the Board discussion takes place around employee impact and impact on other stakeholders, such as customers. The relevance of each stakeholder group may vary by reference to the issue in question, so the Board seeks to understand the needs of each stakeholder group and potential conflicts as part of its decision-making. Additionally, the company secretary is on hand to provide support to the Board ensuring that sufficient consideration and time is given to stakeholder issues during these discussions.

Each year the directors deliver a forecast which includes a three-year plan prepared in accordance with the long-term strategy of the Company as part of the wider group. The directors have also acted in the long-term interest of the Company by supporting policies, behaviours and actions which promote the interest of people, customers, and other stakeholders.
